EDUCATION

ITER, Siksha 'O' Anusandhan University

Bachelor of Technology in Computer Science and Engineering (CGPA: 8.30 / 10)

Bhubaneswar, Odisha

Expected Graduation: June 2028

Adarsha International School

Class XII (Intermediate) – Percentage: 66%

Angul, Odisha

May 2024

Amarvani Convent School

Class X (High School) – Percentage: 86%

Angul, Odisha

May 2022

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, HTML, CSS

Frameworks & Libraries: Django, Django Channels, React, Node.js

Databases: MongoDB, MySQL, SQLite

Web Technologies & Core CS: Responsive Web Design, REST APIs, MVC Architecture, Data Structures, Algorithms, OOP

Tools & Platforms: Git, GitHub, VS Code, Eclipse IDE, IntelliJ IDEA

CERTIFICATIONS

Google Cloud Study Jam Completion Certificate – Successfully completed hands-on Google Cloud learning sessions covering GCP technologies and Gen Cloud labs.

IBM SkillsBuild – Getting Started with Artificial Intelligence – Completed training on AI foundations, Generative AI, prompt engineering, and real-world AI applications.

PROJECTS

NexBuy

Django, HTML, CSS, JavaScript, Git

- Developed a full-stack e-commerce platform with secure authentication, shopping cart, and order management using Django.
- Designed a responsive UI featuring product categorization, customer reviews, subscription billing, and analytics dashboards.
- Built using Django's MVC architecture and deployed on Render, ensuring a scalable and publicly accessible application.

Campus Arena

Django, HTML, CSS, JavaScript, Git

- Developed a college web platform with responsive interfaces and intuitive navigation to enhance student engagement.
- Built reusable Django templates and modern UI components, ensuring a clean, maintainable, and scalable frontend architecture.
- Optimized responsiveness and application performance, deploying the platform on Render for seamless online accessibility.

COMPETITIONS & HACKATHONS

Unstop Web Hackathon Challenge

IIT Bhubaneswar

Frontend Developer

October 2025

- Designed and developed responsive frontend interfaces focusing on modern UI/UX and clean layouts under strict time constraints.
- Collaborated to rapidly prototype and deliver functional web solutions, strengthening frontend and problem-solving skills.

HackNation (NIRMAN 5.0)

Silicon Institute of Technology

Frontend Developer

December 2025

- Led frontend development by designing responsive UIs and implementing interactive web components using modern practices.
- Worked closely with the team to build and refine project features within strict timelines, enhancing collaboration skills.

ACHIEVEMENTS & CODING PROFILES

- Actively practicing Data Structures and Algorithms on **LeetCode** and **GeeksforGeeks** using Java.
- Achieved a **5-Star Rating** in Java and Problem Solving on HackerRank.
